

passenger

Specifications :

One-piece chair design made of a tubular steel frame wrapped in Artopex's Ultra-Flex® membrane and covered with high density polyurethane foam which is then upholstered in a removable fabric. Molded gutter where the seat and back meet.

The Passenger System structure (base) is made of exposed beams and aluminum supports. The feet and finishing caps are made of zinc alloy, with a thermosetting powder finish. The main beam can be specified with an enamel finish, legs and armrests can be specified with an enamel or chrome finish. The sleeves for the armrests are black polyurethane

IMPORTANT: This product is delivered UN-ASSEMBLED. Assembly requires certain tools listed in the Passenger Assembly Guide, included with the product. Passenger can be specified as individual components (see below) or in configurations (single or double rows, page 61).

Codification :

Codification example :

3 seats single configuration, aluminium finished beams, chrome leg and RN11 fabric (grade 1).

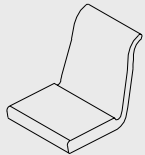

Code : **PA-SR03-3069-C-RN11**

This assembly's list price is \$3885.

- 1 Product code : Refer to the Price List section.
- 2 Beam : Specify the finish of the main beam, see bottom of p.60.
- 3 Legs : Specify the finish of the legs, see bottom of p.60.
- 4 Fabric : Specify seat fabric, grades 0 to 3 and RN11 fabric (at gr.1 price), leather not available. Spirit Millenium fabric available (at gr.3 price), consult Artopex Customer Service.

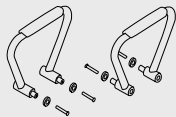

Individual Components

(See page 61 for typical configurations)

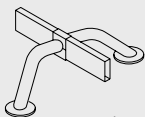

Individual seat

Upholstered seat (see "FABRICS" on bottom of page 60), shipped with beam attachment supports. Assembly hardware included.

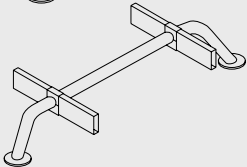

Arms

Steel arms (left or right), chrome or enamel finish (see "FINISHES" on bottom of page 60). Black molded PVC armrest and assembly hardware included.

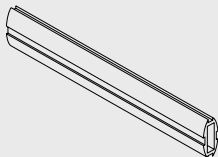

Single leg (single row)

Steel footing, chrome or enamel finish (see "FINISHES" on bottom of page 60). Glides, central caps and assembly hardware included.

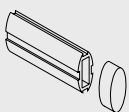

Double leg (back-to-back rows)

Steel footing, chrome or enamel finish (see "FINISHES" on bottom of page 60). Glides, central caps and assembly hardware included.

Main beam

Aluminum beam, enamel finish (see "FINISHES" on bottom of page 60). Specify as support between 2 leg sets, assembly hardware included.

End beam

Aluminum beam, enamel finish (see "FINISHES" on bottom of page 60). Specify to complete a row, assembly hardware included.

End beam
End cap
Corner beam
